

## Holiday Blessings!

Fall is in the air and many family gatherings are approaching as we celebrate this holiday season. As your chosen dental team, we appreciate the opportunity to provide dedicated dental care for your family's good health.

This year has provided many opportunities for continued education. In May our team headed to Las Vegas for an advanced team training hosted by the Pride Institute. We explored "New Frontier Thinking" to guide us in providing the best patient experience for each of you, our valued patients.

Have you experienced our updated confirmation system? Appointment reminders may now reach you by email and/or text message two days prior to your appointment. If you have enjoyed this method of notification please let us know. If you are not set up yet, please provide us with your cell phone number or email address to take advantage of this great method of communication.

Please join us on "facebook" at Dr Boyes Dental Care Greeley Colorado or visit our website [www.drboyesdentalcare.com](http://www.drboyesdentalcare.com). Here you can share with other members of our dental family and read the latest news in dentistry. If you know of anyone who would benefit from our service, invite them to call our office for an appointment. Please direct them to our website for contact information, new patient forms and directions to our office. As always, thank you for your referrals.

In this economy one of the most important investments you can make is in your personal health. If you have unused insurance or flex plan dollars, call us and we will be glad to assist you in the planning and the utilization of your benefits that will end December 31, 2011. We can also help you project your dental budget needs for 2012.

Thanks again for partnering with us.

Our entire team joins in sending wishes for a happy holiday season

And a healthy New Year.
